

HomeLife ACADEMY

GOAL-BASED PLANNING SHEET

This planning sheet is a compliment to the high school information available on our website at www.homelifeacademy.com. Use the notes area below to list goal related information such as specific college or employer names, contact information, career goals, etc. **You may use one for each of your student's goals.** Be sure to contact the college, school, employer, etc. to determine the specific credits/courses your student will need. Fill in the specific courses for each year based on your research related to your specific goals. (Note: Write in pencil. It is likely your plans will change.) After grades have been reported online, you may request evaluations, transcripts, or a diploma through our Request Manager in the Member Login area. As always, you may call 888-560-0774 to speak with a counselor and she will assist you with completing this worksheet based on your student's goals. We are dedicated to you and your family.

STUDENT NAME: _____ Date: _____

NOTES: _____
